

ME FORTY-SEVEN

RECOUNT DUE NOV. 21

BE ADDRESSED TO CIR-
CUIT COURT IF IT IS IN
SESSION

COMMISSIONERS

Provides For 10 Days Following
Thursday Succeeding
Election

has been talk since last
election that there will be
a recount in the Putnam
county for a second tabulation
of the November 8 election.

Confirmation of the report can
be made thus far, and no authori-
tary or individual will confirm
it. However, the Republicans will con-
sider the election of George L. Rice
as a foregone conclusion. The dis-
cussion of the third dis-
trict was declared the victor
by a majority of the voters.
Spencer was declared the
winner William H. Eiteljorge by
a majority of 18 votes.

In connection with the recount it
is noted that the law
which provides that a recount may be
held within "ten days after the
election" is interpreted to mean
that the petition should be
filed ten days after the elec-
tion.

It is the Thursday after the
election that is the starting point for the
count, but, in addition, it is
noted that the Sunday occur-
ring within the ten-day period "after
the election" should not be counted, as
it is not in session on that
day.

An interpretation of the law
of November 21 as the last day for
filing of a recount petition, in
the election, it is claimed.

Interpretation heard in
as much as the ten-day period
begins on the Thursday after the
election, this year, on Sunday,
the day of the period for filing the
petition would be the Saturday pre-
ceding the last Sunday in the period.
There are conflicting statements in
the edition of the handbook of
the laws for use in Indiana, and
of those opposing statements are
of those which pertain to com-
missions. It is difficult to
make the real requirements of the
law, some points connected with
the election. Court in-
formation may be necessary on
of the points involved in the
contest in this county.

tion for a recount is to be
made to the circuit court, if in

petition is to be made by a
qualified elector who is required to
be "honestly believes that
there is a mistake or fraud com-
mitted in the official count." Other
requirements are set out with which
the elector must comply, one of
being "that he will pay all the
costs of such recount." It is made

ditions.

self a candidate in the election—shall

pointed by the court.

court shall set a time within
which the commissioners shall start
the recount, not exceeding twenty
days from the time of the petition.
One of the candidates concerned
in the recount may be present at the
hearings, and two qualified voters,
one by each of the candidates,
also be present during the re-
count, as witnesses, but the law
does not require such witnesses to "conduct
themselves in quiet and orderly man-
ner and they shall not interrupt
the commissioners."

commissioners are not to ad-
dress the certificate of their findings
to the court. The commissioners are to be
paid \$5 per day for their services.
The clerk is to receive from the pe-
titioner \$5 for his services in the re-
count. There are other expenses.

court officers who function in
recount proceedings are to be
paid for their services.

COURT UPHOLDS GADGET

A faint echo comes from Wash-
ington, D. C., from the automobile gad-
get law which agitated so many
automobile owners in Putnam county.
The law was repealed and the gad-
gets were removed from most of the
local machines, but in Washington
the United States Supreme court has
upheld the conviction under the law
—while it was in effect—of a South
Bend man who was fined for not
having the gadget displayed.

Tri Kappas To Begin Project

TUBERCULIN SKIN TESTING OF
SCHOOL CHILDREN TO START
WEEK OF NOV. 28TH

The tuberculin skin testing project
sponsored by the local chapter of Tri
Kappa will be started during the
week of November 28th, it has been
announced.

Parents, with children in school al-
most everywhere have to decide
whether they will approve of having
their children tested with tuberculin.
Possible objections may fall under
three heads:

1. It may be harmful.
2. What good will it do?
3. The parents may dread that they
will be informed of the existence of
tuberculosis.

Two of these may be disposed of
immediately. Tuberculin testing, as
done by modern methods, does no
harm either to the normal child or to
the one with incipient tuberculosis.

The third objection—the dread of
discovery of the disease—is one of
those peculiar pieces of psychology
that tuberculosis workers have had
to deal with since time immemorial.
The only thing that cold, logical
reason can do to combat it is to say
that the disease is curable in the
early stages, the tuberculin test helps
to detect it in the earlier stages, and
if you let it go to the later stages
it is much more difficult to cure.

The tuberculin test was introduced
by Koch, who was the discoverer of
the casual germ of tuberculosis. He
found by accident that if an animal
with tuberculosis has injected under
the skin a small amount of tubercu-
lin, a spot of redness will develop at
the site of the injection.

This is all there is to the tuberculin
test, but the interpretation of it is
complicated. Anyone who has ever
had tuberculosis reacts. Most of
those who react positive to the test
are in an early stage so cure is pos-
sible and this justifies the advice
that the tuberculin test is a valuable
procedure.

ITALY DISBANES ROTARY CLUBS AS 'UN-FASCIST'

ROME, Nov. 15.—(UP)—Disband-
ing of all Rotary clubs in Italy on
Dec. 31 after fifteen years of exist-
ence was announced tonight by the
government, which regards such or-
ganizations as international and "un-
fascist."

Senator Attilio Pozzo, Governor
of Italian Rotary clubs, conferred
with Achille Starace, secretary-gen-
eral of the Fascist Party, and dis-
cussed the clubs' activities during
the past fifteen years.

It was announced then that the
Rotary national council had decided
to disband on Dec. 31.

The Italian, like the German, press
frequently has attacked Rotary.

Disbanding of Rotarian organiza-
tions in Czechoslovakia occurred soon
after the Sudeten dismemberment
and as the 20-year-old democracy
was drawn toward the Rome-Berlin
orbit.

PERSONNEL OF CABINET MAY CHANGE

PRESIDENT TO MAKE AN-
NOUNCEMENT BEFORE LEAV-
ING FOR GEORGIA

CUMMINGS TO PRACTICE LAW

Appointment of Jackson as His Suc-
cessor Would Not Surprise
Washington

WASHINGTON, Nov. 15.—(UP)—
A high administration official told
the United Press today that Presi-
dent Roosevelt may announce a
change in his cabinet before leaving
for Warm Springs, Ga., Sunday.

The post at issue, he said, was that
of attorney general, now held by
Homer S. Cummings. It was ex-
pected that his successor would be
Solicitor General Robert H. Jackson.

The United Press informant, one
of the President's closest advisers
who asked that his name not be used,
said that a shake-up in the cabinet
was impending. However, only the
one change is contemplated at pres-
ent, he said.

He emphasized that reports of
Works Progress Administrator Hop-
kins replacing Secretary of Com-
merce Roper were "premature." He
declined to add to that statement.

The resignation of Cummings
would not be unexpected. It has been
known for some time that he wished
to return to private law practice in
Stamford, Conn.

Likewise, the appointment of Jack-
son as his successor would not sur-
prise official Washington. For more
than a year he has been one of the
New Deal proteges and, at one time,
received serious mention as the ad-
ministration's choice to succeed Gov.
Herbert H. Lehman of New York.
Postmaster General Farley, as Demo-
cratic committee chairman, was re-
ported to have spoken that plan as
"impractical."

He will leave the capital Sunday
afternoon for a two-weeks Thanks-
giving vacation at the infantile pa-
ralysis foundation in Georgia. Before
his departure there are two regular
press conferences, one this afternoon
and another Friday at 10:30 a. m.,
at which he may announce any
change in the cabinet.

Symphony To Play Opening Concert

DR. VAN DENMAN THOMPSON
TO BE FEATURED
SOLOIST

The DePauw University Symphony
orchestra, conducted by Prof. Bjorn-
nar Bergehon, will present its first
concert in MeHarry hall Wednesday
evening, November 16.

Dr. Van Denman Thompson will be
the featured soloist of the concert.
This will be the first time that Dr.
Thompson has appeared with the
orchestra.

The orchestra will present Franz
Liszt's symphonic poem, "Les Pre-
ludes", Liszt, who is accredited with
the invention of the symphonic poem,
has written thirteen of them. These
poems are "programme music" and
are intended to illustrate some in-
tensely dramatic poem or poetic
story in music. "Les Preludes" is
perhaps Liszt's best-known orches-
tral work.

Dr. Thompson, accompanied by the
orchestra, will play Handel's Concert
in D minor for organ and orchestra
in its original form. The orchestra
will be reduced to the size and in-
strumentation which Handel origi-
nally used. The orchestra which will
assist Dr. Thompson will consist of
six violins, two cellos, two violas,
and one string bass, and four wood winds
—two oboes and two bassoons. Dr.
Thompson will use the organ-regis-
trations which correspond to those
used by Handel.

Dr. Thompson will also play three
other compositions—Bach's "Tocca-
ta and Fugue in D-Minor," "Pastel
in F-sharp," by Karg-Elert, and
"Rhapsody on Spanish Airs" by Glig-
out.

The orchestra this year is the larg-
est and is considered by Prof. Berge-
thon to be the most outstanding that
DePauw has ever had.

Not even a hideout in the woody
depths of Monroe county, in the vi-
cinity of Bloomington, is a safe san-

mer, of the penal institution, reached
into such a retreat eight miles from
Bloomington, yesterday, and pulled
out Irvin Kelley, 32 years old, who
had been AWOL from the penal farm
since October 10.

Army Private Wrecks Plane

FACES DISCIPLINARY ACTION
AFTER TAKING BOMBER
WITHOUT PERMISSION

HONOLULU, T. H., Nov. 15.—(UP)—
An army private from Brooklyn,
N. Y., faced disciplinary action to-
day after cracking up a Martin twin-
motored bomber, which he took from
Luke Field alone and without per-
mission.

The private-turned-flyer, was Ben
Fleigelman, 35, of Brooklyn, a me-
chanic attached to the 23rd bom-
bardment squadron at Luke Field.

Although unqualified as a pilot,
Fleigelman, army officials said,
climbed into the plane shortly after
other bombers at the field had taken
off on a night mission in current war
games.

In one of the most unusual flights
in army annals he roared off the
field, flew about five miles in dark-
ness and then crashed.

The plane struck a power line along
Kunia Road and bounced into a
pineapple field where it stopped
rightside up but badly damaged.

THEFT OF RADIO SENDS MAN TO PENAL FARM

The theft of a small radio two
years ago, which he sold at the time
for \$2, finally is sending Clarence
Demio, 42 years old, whose home is
at Champaign, Ill., to the state penal
farm at Putnamville. He was sen-
tenced in city court at Terre Haute,
yesterday. He is charged with hav-
ing borrowed the radio from a Terre
Haute friend, pawning it for \$2. He
had not been back in Terre Haute
since then, having been occupied for
a year and a day of the interval serv-
ing a term in jail at St. Louis for
petit larceny.

Dental Society Adopts Program

FIRST MOVE OF ITS KIND TO
FIGHT SOCIALIZED
DENTISTRY

INDIANAPOLIS, Ind., Nov. 15.—
(UP)—The Indianapolis Dental So-
ciety today adopted a program to
bring dental work within immediate
reach of the poor.

In the first move of its kind to
fight proposed socialized dentistry,
the organization completed plans
which will enable patients to budget
dental expenses in small payments
spread over a year's time. Dental
work, however, will be done immed-
iately under the plan.

Dr. A. C. Harvey, chairman of the
public relations committee and for-
mer president of the society, said
that the cry of socialized medicine
advocates—"People can't afford to
pay the doctor to keep them in good
health"—had now been met.

MEN'S SERVICE CLUB VISITS OBSERVATORY

Members of the Men's Service Club
of the Presbyterian church of this
city, after their supper at the church
social rooms last evening, went to
McKim University as guests of Dr.
William E. Edington, who is DePauw
University's astronomer. The men
were deeply interested in the views
they obtained of the great planets,
Saturn and Jupiter, through the 9½-
inch refracting telescope at the ob-
servatory. Also displayed before
them were interesting specimens of
meteorites, from the university's col-
lection of such visitors to the Earth's
surface from celestial regions. Dr.
Edington explained in an interesting
manner the many phenomena which
the men viewed, and answered dozens
of questions.

there has been so much upheaval and
conflict during recent years.

Democrats To Demand Recount

LEGISLATIVE RACES IN KNOX
AND LAPORTE COUNTIES
ARE CONTESTED

INDIANAPOLIS, Ind., Nov. 15.—
(UP)—As the Secretary of State be-
gan his official canvass of the Nov.
8 vote, Democrats today moved to
demand a recount of two legislative
races in an effort to gain a majority
in the next Indiana House of Repre-
sentatives.

Secretary of State August Muel-
ler canvassed the official vote of 82
counties which have reported and
these returns give the entire De-
mocratic state ticket a margin.

The 10 counties which have not
reported went Republican on the
basis of unofficial tabulations, how-
ever, and they might be enough to
swing the election to the G. O. P.
column. Counties which have not
reported are DeKalb, Delaware, Fa-
yette, Fountain, Grant, Huntington,
Madison, Marshall, Ripley, and Wa-
bash.

Democratic headquarters announced
it may demand a recount of the
Legislative races in Knox and La-
Porte counties, where the races were
extremely close. According to the
unofficial returns, Republicans will
hold a 51 to 49 majority in the next
house unless the Democrats can win
seats in a recount.

LaPorte county, Martin T. Krueger
a veteran Democrat, was unseated by
only 48 votes by Walter F. Daniel-
son, Michigan City Republican. In
Knox county, Charles Thompson, De-
mocrat, was defeated for re-election
by 186 votes by Omer Free, Vincen-
nes Republican.

Meanwhile, the Republican state
committee proceeded with plans to
contest the election of Sen. Fred-
rick Van Nuys in six counties and

AMERICAN AMBASSADOR ORDERED HOME

HULL DELIVERS TWO DIPLO-
MATIC BLOWS TO
GERMANY

EXPRESSES TWO OBJECTIVES

Wilson's Presence Here Would
Strengthen United States
Foreign Policy

WASHINGTON, Nov. 15.—(UP)—
Secretary of State Hull delivered two
diplomatic blows to Germany today
by ordering American Ambassador
Hugh R. Wilson home from Berlin
for "report and consultation."

Observers who have watched Hull's
steadily mounting dislike of the Ger-
man government because of its fore-
ign and domestic policies believed
that behind his move were two ma-
jor objectives:

1. An expression of displeasure by
this government which the German
government could not fail to under-
stand regarding its policies, parti-
cularly those relating to Jews and
other political, racial and religious
minorities.
2. Strengthening the state depart-
ment staff during the all-important
Pan American conference at Lima,
Peru, next month at which every ef-
fort will be made by United States
delegates to strengthen the mutually
defensive bonds of American nations.

Both Hull and Assistant Secretary
of State Adolph Berle are scheduled
to attend, leaving the state depart-
ment critically short-handed of top-
ranking, policy-making officials.

It was believed that Wilson's pre-
sence in the state department, at this
critical time, would strengthen this
government's position in deciding
matters affecting foreign policy. A
veteran of the diplomatic service,
with long years of experience in Eu-
rope during the post-war years before
he was appointed assistant secretary
of state in 1937, Wilson has been in
Germany for nearly a year. He has
witnessed recent developments of
German policy—particularly the Ger-
man absorption of Austria, and the
political-military pressure upon the
Czechs which resulted in the Munich
pact.

Wilson is regarded as more inti-
mately familiar with German plans,
policies and methods than any other
American diplomat. It is believed
that he can advise President Roose-
velt and under-Secretary of State
Sumner Welles, who will be acting
secretary during Hull's absence, ex-
pactly upon the influence moves at
Lima probably will have upon Ameri-
can relations with Europe, particu-
larly with Germany.

State department officials denied
that Wilson's recall for consultation
and report was the first step toward
severance of diplomatic relations with
Germany. There was no indication,
however, of the probable length of
his stay, or whether he might not
return to Germany at all. It was gen-
erally believed he will not return to
Berlin until after the American de-
legation to the Lima conference re-
turns to Washington.

BERLIN, Nov. 15.—(UP)—The
German press sternly warned the
United States against continued ex-
pressions of indignation on the Jewish
question today while Ambassador
Hugh Wilson prepared to leave Ber-
lin for home.

Ghetto-like measures were being
formulated in Nazi government bur-
eaus. Panic-stricken Jews in increas-
ing numbers besieged the American
and other foreign consulates.

Despite repercussions on the Ger-
man bourse it was indicated there
would be no recession in the drive
which has swept the Jews from the
financial, business and cultural life
of Germany.

In the face of this Nazi stand de-
spite world-wide protest, foreign di-
plomatic circles expressed doubt that
Ambassador Wilson would return

TEXAS CHRISTIAN VS. RICE

WASHINGTON, Nov. 15.—(AP.)—National Labor Relations Board officials are considering today revision of rules and regulations to require employers to ask for collection of bargaining elections that would avoid conflicting demands of rival unions.

There was no indication whether the three member board, headed by Chairman J. Warren Madden, will decide finally to make this change in response to widespread employer protest against the "one-sidedness" of the Wagner act. However, it is known that the proposal is receiving serious consideration.

Some New Dealers believe such a change would meet general sentiment for labor act revision, possibly aid in heading off a general amendment requiring the board to receive employer requests for collective bargaining elections among employees.
